1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas Spinelli (Reg No. 39,533) on 5/13/2005.

The application has been amended as follows:

In line 14 of claim 15, insert the word --array-- in between the word "mirror" and the word "in".

In line 16 of claim 15, delete the word "then".

In line 17 of claim 15, delete the word "being" and replace it with the word --is--.

In line 18 of claim 15, delete the word "being" and replace it with the word --are--.

Response to Arguments

3. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Drawings

Allowable Subject Matter

6. Claims 15-19 are allowed.

8. Claims 15-19 are allowable over the prior art of record because the latter, either alone or in combination, does not disclose nor render obvious an optical switch with an array matrix of signal input fibers wherein at least one of the signal input fibers on the array also serves as an adjustment optical fiber and including an array matrix of tilt variable mirror with a fixed mirror located off of the matrix, and including a positional adjustment mechanism that adjusts the position of the fiber array and the mirror array so that the adjustment optical fiber faces the fixed mirror in combination with the rest of the claimed limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
